Nowadays the Internet is getting more and more popular with everybody, especially teenagers and we cannot imagine our life without Internet.

Personal sites are necessary now and we must set up our own personal sites.

It's easy to find new partners, friends and it's useful to find things (tests, games, exercises) .The teacher's personal site is very helpful for students. If I find competitions or interesting for my pupils I may write on my persona site. Personal site is a way to share your ideas, methods of teaching with everybody.

I work at school, that's why I have no time. Personal site takes me a lot of time. If I set up personal site, I must update information, add new materials and answer the questions.
