I love my mother very much,
She's beautiful and kind
She has such endless love to me
That I'll in no one find.

Sometimes she can be very sad,
Sometimes she feels unhappy
But she can always find some words
That make me feel like baby

She gets so tired at her work,
She works a lot and hard
But she will always smile at me,
Will kiss, will hug, will touch.

She will support me in my deeds
Like no one on the Earth
And she will help me anywhere –
Be South it or North!
