Guess Who?

I love her best of all,
I think she loves me too,
She helps me when I call,
My lovely friend is you.

And when I was a child,
She sang me baby songs,
She was with me so kind,
I never stayed along.

She is my beam of light,
She shows me my way,
I think she's always right,
I wait her every day.

I love when she's smiling,
When cooking tasty dish,
And seldom we're arguing,
I try to fulfill her wish.

Her heart is full of kindness,
It warms me like the sun.
Guess who's she? You know?
You're right, she's my MUM.
