My mum is always in my heart

My mum is always in my heart,
She is my partner and my part,
And our life can be too hard
I'm sure we can't be apart.

My troubles are not mine but our
She is my friend not for an hour
Her smile gives me some magic power,
Her love for me is like a flower.

"Mum" is the first, the sweetest word,
So beautiful I've never heard.
My mother sings songs like a bird
She is the best friend in the world

My mother is so kind, so tender,
She gave me hope not to surrender,
She gave me life, I want to render.
I want to be my mum's defender!
