My mother

I love my mummy.
She is kind and funny,
She is look after my health,
And she always can help.

I also help my mother
Another and another:
I help my mother set the table,
Cut a fruit and vegetables,
I washing a dishes,
I shop and I buy,
I happy on water,
On soil, on sky...

My mother is better,
My mother is loving,
My mother is smart
And my mother is caring!

I love my mother very strongly -
She for me a very only.
I love my mother tender, brightly -
Because my mother very friendly.

She is beautiful and clever,
She and I...and I forever!
