My mother

I love my mummy.  
She is kind and funny,  
She is look after my health,  
And she always can help.

I also help my mother  
Another and another:  
I help my mother set the table,  
Cut a fruit and vegetables,  
I washing a dishes,  
I shop and I buy,  
I happy on water,  
On soil, on sky...

My mother is better,  
My mother is loving,  
My mother is smart  
And my mother is caring!

I love my mother very strongly -  
She for me a very only.  
I love my mother tender, brightly -  
Because my mother very friendly.

She is beautiful and clever,  
She and I...and I forever!
