My mother

She is look after my health,

And she always can help.

I also help my mother

Another and another:

I help my mother set the table,

Cut a fruit and vegetables,

I washing a dishes,

I shop and I buy,

I happy on water,

On soil, on sky...

My mother is better,

My mother is loving,

My mother is smart

And my mother is caring!

I love my mother very strongly -

She for me a very only.

I love my mother tender, brightly -

Because my mother very friendly.

She is beautiful and clever,

She and I...and I forever!
