"For my mommy!"

You are the wonder, that's created by the God!

ël say "Thank you", my dear Mother,

That you are living in this world.

When you are near, holding me,

All greatest problems I don't see.

You've helped me standing firmly on the ground,

Having passed through the difficult way,

"Thank you", my dear mommy,

I have a lot of times to say!

I know, it was difficult with me,

But you have done the best -

That I hadn't been so rude and impolite,

It everything will be good within my soul

And shine so bright.

To say the truth, I have a little bit to add -

"Your lessons, mummy, help in future and I'll cope with all hardship

And I try to be successful and the punchy one!"

Together now we are good in friendship,

Despite of clouds there is for us the shining sun.

And if you're sad and look upset,

You gaze into my eyes

And all the troubles you forget,

And feel the warmth in tender heart!

You should to know - "you are the best for me,

And it's the fact that I have never a betrayer be"!
