My mummy

My mummy, love me sweetly, my mummy, love me gently.
Please, all the time stay with me, your heart is kind and tender.
Because of you I'm happy, you are my best companion.
I think I'm very lucky to have you, dear mummy.
Your eyes are soft and clear, they give me smiles and warm light.
You keep me saying, "Don't fear", I'll always be on your side".
It's kind of you, my mummy and I will try, I hope,
to be obedient and sunny, to be as good as gold.
I'll do my best to study and be the brightest student.
I wish you to be happy. May all your dreams come true and,
my mummy, love me sweetly, my mummy, love me gently.
Please, all the time stay with me, your heart is kind and tender.
