My mother's face  
My mother's face is lovely face,  
It full of beauty, it full of grace.  
Her dark-blue eyes are clear  
And shine us as crystal.  
She can drive me away from darkness  
She can drive me away from a grief  
Her character is good and kindly  
I need her advice every day  
I like her warmest voice  
I like her brilliant mind.  
I like her slender figure  
I like her skillful hands  
I want to see my mom's eyes  
I want to see her joy  
I want to hear my mom's laugh  
I want to be with her  
She is more than a friend  
She always gives me a hand  
I love my mommy very much  
Be happy, smile and be in touch.

Let it be:'I love my mommy very much

Be happy, smile and be in touch."

You love your mother very much! This poem was written with great tenderness. Best wishes.
