Mother's Day.

Mother's Day is a beautiful holiday!

It's delightful, splendid and broad

All people in our planet

Love their mothers a lot.

I am proud of my dear mummy. She is lovely, kind and rare. I love her wrinkles and birthmarks And nothing be so dear.

We should take care of our mothers Every minute and every day. We should bring them a lot of flowers Not only on Mother's Day!

What a beautiful sight while you're singing The lullaby to my brother. Your eyes and your soul are full of gladness and caress, oh my mother!

Be healthy and wealthy, my dear I'll try to help you all times.
I wish you success and happiness My present - all stars in the sky!
