My favourite person is my Mother

My mother's like a sunny summer day.  
She's lovely and pretty, they say.  
But for me, my mum is the best  
And I always choose her from the rest.

She's always there for me when I need it  
And whenever I'm wrong, she forgives it.  
My mummy gives me clever advice  
And she says only truth, never lies.

I adore the smell of her perfume  
It smells like biscuits and coffee...  
I'm fond of the way she's walking around  
And when I see her, I'm very proud.

I promise; I will always love my mum  
And I'll give her only pleasure, but not harm.  
My mum is so beautiful and kind  
That she deserves all happiness in life.

And I believe my mum is like an angel  
Once came down from the distant heaven  
My only wish to be with her forever  
And help her – whatever and whenever.
