A job of a mum.

A job of a mum is a very hard work.

It takes all her time, it's not just a walk!

It has no weekends, it's job for a life

Because "mother" means always care and love...

My mum can be tired sometimes. It is true!

And I always say to her: "Mum, I love you!"

She is very active, she enjoys bright life;

She is very lovely and she adores to laugh.

She tells me: "Don't be afraid, I'll be with you!"

And I believe, I know for a fact, It is true.

My mum is an angel that came from the air

She gives me advice which I use everywhere!

It says: "Forget all the troubles and be yourself"

Thank you, my mother, and take care of yourself!
