To my Angel.

Mum gave me happy birth  
And now I am on this Earth.  
I'm glad to live, to breathe, to be  
Cause Mummy`s being is with me.

Mummy cleans, washes , cooks,  
She retells me unread books.  
Mummy knows much, a lot  
And is ready to support.

She feels whenever I`m ill,  
And makes me take a bitter pill  
And doesn`t sleep at all at night  
She prays and leaves a damping light.

Mummy helps me with my deeds  
And realizes all my needs.  
I rely on her piece of advice  
She is kind, clever and wise.

Mummy keeps my hand-made things,  
My lock, diaries and clumsy drawings.  
She looks through all my child`s photos  
And stores them neatly in the drawers.

I know exactly, without a contest  
My Mummy is a wonder, she is the best,  
My Mummy is an angel from Heaven in my life  
Because with her it`s easy, quiet and light!!!

I am sure that every mother will be happy to hear such lines:

"My Mummy is a wonder, she is the best,

My Mummy is an angel "

Your poem is nice and marvellous!
