My First Word: "Mother"

Mom is my dearest person.

The first my word was 'mom'.

I wish you to be healthy

And to live a long happy life.

You support me at any moment,

Always worries about me.

If not, you look disappointed,

A smile on your face always keeps.

I love you, my dear mommy,

And never ask me why.

You are my soul, my heart,

My happiness and even the whole life!

And if some help you need,

Remember, I'll do my best.

You may rely on me, my dear,

I'm your devoted friend!

I give you thanks for my life,

For the sun and sky, for the air around.

You are the best! I kiss you!

Thank you, my honey!
