Mother's Day

I love my mum, very much!

The best celebrity is Mother's Day.

I remember her first touch

And "mum" is first world, which I say.

My mum and I are the best friends

And we like spending time, together.

She reads me fairy tales with happy end.

I like listening to her forever.

Every person, every pet

And ever every thing

His mother had.

Mum and child have the strongest link!

My mum is my sun.

I love her hands and face.

In my life, she is person number one.

Our home with her is a wonderful palace!

The best celebrity is Mother's Day.

I always miss,

when she is away.

I will kiss

her and will read this poem to her today.
