Dear mother

Dear mother, my sweet angel

You are very nice,

In September or in April

Care is in your eyes.

You are grateful and amiable

And you're very kind

And you are the most cheerful

Mother to my mind.

When you wake up me in the morning

Your face looks a little old,

The sun outside is dawning

And painting everything with gold.

But I know that in your soul

You are very young,

You want to sing songs

And have a lot of fun.

Mum, I love you very much

And I know you know it.

I appreciate every your touch

And not afraid to show it.
