The dearest person

For me you are the sunny light,

The polar star in northern night!

I love you as birds like to fly,

And let's say to our quarrels "Goodbye!"

I always wait for you if you are not at home,

I miss you every time and every day!

I love you very much my Mummy!

It's always boring when you go away...

And if you ache, I'll pray for you

My care will return you back to life

Be sure you'll recover from the flue,

Because I'll give you all my heart.

Of course, I need you in my life,

And want to see your happy smile forever.

I'm sorry when my tongue is like a knife,

Be happy, healthy and live long and prosper!

I am sure your mother should follow your advice - "Be happy, healthy and live long and prosper! "

Take care of her!
