My lovely mother!

When I was a baby

Long before I learned to walk

I would try my best to talk

And all our friends heard

For m-o-t-h-e-r was the word!

And everybody was proud of me

I didn't know another words

I talked and talked

Mother, my mother, my lovely mother!

I love you very much!

Mother – it means tenderness, caress and kindness

Mother – it means serenity. She is the most beauty!

Mother – it is a fairy-tale for the night

Mother – it's a help at a difficult time,

It `s a wisdom and advice!

YOU are everything for me!

I love you with all my soul and heart!
