The kindest word

Mother...

It is the first kind word

Mother... it is forever.

It is so beautiful

As spring flowers,

As the first snow,

As the sun shining so brightly.

When you are next to me

I am not scared of nothing.

Health to you I wish

Let the God help her.

Mother is the best of the best...

I even have no suitable words to describe all my love.

She helps me

And my sister and my father

She always helps everyone.

But mother needs in the rest too.

And we try to help her

By washing floor and cups

That's why we are a happy family!!!
