«Mother and daughter»

“Daughter, tell me, what's the matter with you?
Seems, that you're angry with everything, true?”
Mother's afraid. It is as hot as flames.
“Maybe, my daughter matures and changes?”

But she is rude, her behavior is bad.
It cuts like a knife mother's love and regard.
You won't find the second mother somewhere!
Girl, you're mad, course your mother needs care.

Mom reaches for daughter and feels day by day
That she's increasingly moving away.
Any hope dies, mother's soul's full of sadness
Little girl, you really don't see what happens?

Her honey plays dangerous games anywhere,
And doesn't remember her home, doesn't care,
That loving mother fervently prays,
Waits for her daughter, like a flower, fades...

Suddenly, after many long years,
Girl, full of shame, realized her mistakes.
She has remembered her home and her mother
Who didn't release and loved like no other!

But it's so late. Daughter closes her eyes
In front of mother's sepulcher she cries...
“Mother, forgive, beg, If you're wherever”...
She hears from the sky: “I'll love you forever”
