Mother – a whole world of words is not enough,
To thank you for everything .
For sleepless moments at my bed ,
For bitter tears of offence..

Because of my birth,
For your patience and kindness!
For your attention and care
You are so generous!

Because of your sensitive heart
That warms me every moment!
Let God send you health,
More happiness and long years!

For your support and for your care!
The first step of upbringing,
And for every hard Saturdays,
That you devoted to us!

For a smile, warming the heart ,
For your hugs and kisses ,
Mum, you are the best in the world!
The Heroine, Woman and Friend.
