My mother

I love my mother very much
And often feel her gentle touch.
I miss her when we're apart
I know I'm her loving part.

My mum is very clever.
We are good friends forever.
She is always kind and nice.
My mother is also merry and wise.

My mum is very busy
But it is not so easy.
She has a lot of things to do
And I help her with pleasure too.

She washes, cleans and cooks
And in the evening she reads books.
She has very little time to rest
And I can say "My mum is the best!"
