My dear mummy!

My lovely beam of shine!

I need to say - I'm happy to see your charming smile!

I'm happy to see your big and endearing eyes...

If I look at you, I'll feel in real paradise!

I want to keep your kind and native hand

Every day, every moment... from the beginning to the end!

I think about your face before going to bed,

You're here, with me...that's why I'm too glad!

You gave me my life! Thanks... I'll remember it forever.

Please, know... I haven't said these words you ever!

My greatest aim is to know you're alive,

I promise, we won't have between us quarrel, strife...

I f I'm honest, sometimes I can be with you so bad...

Sorry, my mum! At this moment I'm very sad!

Finally, know... I need to feel your little touch...

My dear mum! I love you very much!!!
