My Mother.

A lot of poems and songs
Sing the praise of Mother,
For my dearest alone
I have my words, not others'.

They are rooted deep inside,
I won't look for them:
- In your love as at high tide
I am happy as a clam!

Amidst the bitter storms of life,
Severe winter's fury,
You stay forgiving, cheerful blithe,
Incredibly enduring.

In the world torn by discords
You know a right approach,
With Mother we are not at odds,
You are my life science coach!

Girl friends may be naive and flighty,
Mother only is almighty,
Any help she's quick to render,
And can broach a subject tender.

I thank you much for all the cares,
Upon yourself you saddle,
You have been giving selfless love,
Since birth and from my cradle!
