To my Mum

You are the only one for me,
I'll never make you cry,
Oh, Mummy, can you just believe,
It's hard to say "goodbye"!

You know, all the things you do
I'll hardly once forget
Being not ideal child for you
I can't but just regret.

I'm sorry that I didn't see
How much you mean to me.
Perhaps it's just what people feel
When they have seen what's truly real.

At first we're aimed at leaving home
And we are trying to escape,
But when we're finally alone
We feel what we've already left.

I miss you really, dear Mummy,
I want to see you by my side.
It's rainy, but with you - it's sunny,
It's darkness, but with you - it's light!

I am really fascinated with your words "It's rainy, but with you - it's sunny, It's darkness, but with you - it's light! "Let it be forever. Best wishes!
