Take care of your mothers always!
No matter if you're old or young,
Like summer flowers need some water,
They need some kind words said in time.

Take care of these dear women!
Don't hide your feelings, let them know
How much they mean to their children.
Think of your mothers first of all.

And when the day seems to be cloudy,
The bitter sorrow makes you cry,
And even if the day is sunny,
Think of your mothers all the time.

Inspite of mothers punish strictly,
Remember, never try to lie.
Be honest with your mom completely,
She is the person you can trust.

And every time you leave each other
Do not be in a hurry, please.
We spare our time for mothers,
Then pray the Heaven to forgive.

Take care of your mothers, children!
No matter if you're old or young.
All mothers always want to hear
The simple phrase "I love you, mom!".

It would be nice if all sons and daughters share your thoughts!
As for the design of the card, it deserves a special praise!
It is very aesthetic!

May all your dreams come true in the coming New Year!
