My mummy!

Our mum is very beautiful.

We love her very much.

She did a lot of things for us,

She is my and sister's crutch.

She gave us birth and raised us.

Now gives us good advice.

We want to say her "Thank you!"

For all that did for us.

She is so kind and patient,

We are grateful her for all!

We like to see her smiling face,

And do nothing that her pall.

We helped our mum to clean the rooms,

To wash the dishes, floor.

We tried to learn all kind of job.

That could please our mother more.

Seeing mother's happy face,

We are pleased so much.

It's well when family is friendly.

And for everyone is nonesuch.

This day we like to congratulate,

The best mum in the world!

And wish her health and happiness,

Be young and not grow old.
