My dear, dear mother

I love you very much

Your blue eyes, re so different like skies

In spite of wrinkles when you give smiles.

They can be merry and bright

Have strict and kind sight

Your grandchildren ,children grew up

They can help you and cheer up

It seems that problems, re in the past

And for remembrance time comes.

Distant remembrance, re your pain

Childhood, war, flown army plane.

Father left , he went to the war

There was famine and cold so more.

Friendly family – all helped each other

Although dead your father

Troubles went out at last

Love, family, children came fast.

Your remember like birds flying

From the past to the future shine.

I,d like to remember them main

To retell my grandchildren again.

Thank you for all happiness and care

for warmth, sympathy and love.

My dear, dear sweet and lovely mother

I love you very much http://tea4er.ru/images/fbfiles/files/Mishina_TA_Mothers_Day_20130113.rar
