THE 9TH OF MAY.

The 9th of May is the day,
When we think about the war again.
When we remember sorrows and tears,
That our memory interferes.
From every corner of our land
The people stood in war.
The enemy invaded our land.
And it seemed nothing could be done more.
Our people lived under fear of death.
They tried to fight the enemies,
Who gathered their troops and their tanks
Against the Russian Bravery!
The fear was strong.
The bombs made a noise!
But soldiers didn't efface themselves.
They showed their bravery.
They expressed their strength
And demonstrated their ability.
The years have passed.
The war has stopped.
But we'll remember everything.
And now we honour,
And now we respect
The soldiers of the war! http://tea4er.ru/images/fbfiles/files/Guryeva_V_St.zip
