THE VICTORY!

They wrote their names in history They believed in the victory, The mothers had at heart worry We keep them in memory They fought so unstintingly For his country for Russia In battle, they showed perseverance Were courageous

Performed feats

Many of them did not return,

But they remain in our hearts

Nazis wanted slaves of all to turn

But they did not work out

They did not forget their families

They defended the honor of the motherland

Protect it from enemies.

Above their heads bullets flew

They wrote himself into the history of the new

They were sleeping under the sky and in tent.

THEY BELIEVED IN AND WIN!
