I was born in December  
I was born in December  
But Victory Day I remember  
I and you can live  
Our thanks them we give.

They died, But they had no fear  
We ought to say "thank you" dear  
That war should not be anymore  
We must prevent it before

I don't want the war to repeat  
Victory is great feat  
I don't want my mother to cry  
I don't want my brother to die.

I'd like to live in peace  
I prefer to be healthy to breathe  
They were the protectors of our city  
But they have gone in eternity.

We remember soldier  
Who fought in Frontier  
We live in peace  
Because they protect us.
