I was born in December

I was born in December

But Victory Day I remember

I and you can live

Our thanks them we give.

They died, But they had no fear

We ought to say "thank you" dear

That war should not be anymore

We must prevent it before

I don't want the war to repeat

Victory is great feet

I don't want my mother to cry

I don't want my brother to die.

I'd like to live in peace

I prefer to be healthy to breathe

They were the protectors of our city

But they have gone in eternity.

We remember soldier

Who fought in Frontier

We live in peace

Because they protect us.
