I was born in December
I was born in December
But Victory Day I remember
I and you can live
Our thanks them we give.

They died, But they had no fear
We ought to say "thank you" dear
That war should not be anymore
We must prevent it before

I don't want the war to repeat
Victory is great feat
I don't want my mother to cry
I don't want my brother to die.

I'd like to live in peace
I prefer to be healthy to breathe
They were the protectors of our city
But they have gone in eternity.

We remember soldier
Who fought in Frontier
We live in peace
Because they protect us.
