How can you use it?

Just let them know a great variety of modern English words and word-expressions. Remind them how can we use them in different kinds of situations. (It's gonna fly. (It means " It's not acceptable.")

Go to the specific Internet site A video WORDS by RadioLab

<http://community.eflclassroom.com>

and find the necessary clip.

While-Listening (including comments if they need, feel in the Frames/ Underline those phrases you have noticed according to the video.)

Post-Listening

Checking the results.

Working in pairs: making mini-dialogues with some of the phrases from the video.

HAVE FUN USING THE GAME!
