Our Esenin.

Once in October`s morning

In the Ryazan Province

Sergey Esenin was born-

Fabulous poetry prince.

God blessed him the marvellous talent-

For people like diamond shine!

Sincere and beautiful poems

First came at the age of nine.

Imagine – a boy with light head and blue – eyed,

With opened heart and deep feelings inside.

His lyrics – the symbol of life and true love,

For motherland` beauty he was ready to die...

Of Russian poets, no doubt, the purest one.

Yesenin, be honest, you`re our sun!

Beloved by the millions your soul songs are alive,

Unique and impressive lead us to the skies!
