Esenin

Esenin`s poems were so fine,
He put his soul and love in them.
If you read the verses in any time,
Your blood will play again.

The poet told about nature so-
He praised it to the skies.
As anybody had not do it before,
Esenin showed a real Russian life.

He chose such words,
Which passed in any soul.
They can be heard
By loved or not.

A Russian talent was Esenin,
Marvellous poems wrote.
From reading him in the childhood
Everyone enjoyed.

There was not long Esenin`s life.
He was too young to go!
But people know and love the poet
As many years ago.
